

Late Abstract Submissions

Richard Love

Revised April 30, 2010

All late abstracts will need to be submitted by one of the organizers after April 29.

To enter a late invited abstract, ask the invited speaker to send you their abstract. Be sure to ask that they include the complete contact information (institution, address, phone, fax, and **email**).

Send Richard Love (r_love@acs.org) an email to request that I open up your CSO account, which I can open up until May 3.

Then enter, submit, and schedule the late abstract into one of your available sessions.
